Re: Routt City, CO, Section 36-8-88, Woodley Springs Site pit and road (Permit PP2001-038).

Dear COGCC:

This letter is to inform you that, I, Brandon M Smith, is the owner of the above-referenced land. I acknowledge that Omimex Petroleum, Inc. ("Omimex") is the record operator in association to a certain road and pit on my property. I state for the record that Omimex has given me the option to decide if I want them to fill the pit and reclaim both the pit and road or if I would like to assume the liability of the pit and road. I, of sound mind, choose to assume liability of said road and pit and release Omimex of any future reclamation or damage liabilities associated with the road and pit.

That being said, please release Omimex of any liabilities for the road and pit located on my land as described above.

Regards,

Name:

Brandon M Smith

Address:

578 Barclay St  
Craig CO 81625
