General Comment:

COGCC Inspection Report Summary

On Thursday 05/30/2019 at approximately 1100 hrs, I, Inspector Mike Longworth, conducted a field inspection at Caerus Location pad D31 location id # 335674 in Garfield County, Colorado.

While there, I observed production of wells.

During this inspection the following possible compliance issues were observed:

Gas bubbling in cellar of EF12B-DX and EF12C

Securely fasten all valves, pipes, and fittings to ensure good mechanical condition, inspect at regular intervals and maintain in good mechanical condition per Rule 605.d.

Contact COGCC_Engineering@state.co.us with resolution plan. C.A. Date 06/01/2019

Open hole behind gas meter sheds.

Install or repair required BMPs per Rule 1002.f. C.A.. Date 06/30/2019

I spoke with Vince the Caerus' pumper on location and discussed the bubbling of gas at the 2 wells.

I spoke with Chad Thompkins of Caerus by phone 05/31/2019 at approximately 845 am to discuss bubbling and corrective actions.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
