Comment:

COGCC was contacted and the following responses were received back.

"I have looked into this well and to Shannon's point cannot determine how the well is non-compliant. I would try emailing Dougo Wentzel to request more information.

Thank you,

Ryan Daigle
Engineering Technician

I have attached Ryan Daigle to this email as he is the COGCC Staff member in charge of dnr_cogccengineering@state.co.us . I believe the inspector miscalculated your shut-in time and believes you are in violation of our shut-in status time rule which you are not. Or possibly your production reporting is incorrect as it shows water produced as opposed to be injected and the inspector is saying to fix this issue. Either way, Ryan may be able to shed a little more light on this issue.

Thanks,
Shannon Chollett
Northwest Region Engineer
