Description

Operator Comments:

The two wells, Berry IC 11-159HC, 05-123-49857, and Berry IC 11-199HC, 05-123-49861, both have a COA pertaining to the PDC operated well UCLI 6-2, 05-123-12161. However, at this time we are only drilling and completing the two wells mentioned and this UCLI well is outside of the 1500' requirement. We would like to request that the COA be removed from these two wells. At such time that the wells drilled for completion are within the 1500' area, the UCLI will be addressed. Attached is a map showing the location.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
