Comment: The location is fenced and vegetation is well established throughout most of the location. Fence could possibly be removed. There is a bare area with no vegetation at the north center portion of the location and there is undesirable weed growth at the northern portion. These areas need to be reseeded. The bare area may have soil compaction preventing vegetation growth. See Attached Photos

Corrective Action:	Comply with 1004 Rules Decompact bare areas. Reseed areas with inadequate desirable vegetation growth.	Date	08/02/2019
