 Multi-Well: YES Disposal Location: Waste connection

Comment: At time of inspection crew TD and pulling pipe out of the hole.

Corrective Action: _____ Date: _____

COGCC Comments

Comment	User	Date
Inspection due to complaint.. At time of inspection NEO-Flow drilling fluid has been fully implamented. I did not observe any odor in or around location. Did speak to rig supervisor Manny Parras about complaint for dust at night. He stated they were unloading cement at night. He talked to drivers about unloading procedures.	silverr	07/15/2019
