COMMENTS:

TEP Rocky Mountain LLC (TEP) respectfully requests approval of the submitted Caerus/TEP water share. Details are below and in the attachments.

TEP operates wells in the Parachute and Grand Valley fields located in Garfield County, Colorado, located in proximity to Caerus' E&P operations. Currently, produced water from TEP production operations in the Parachute and Grand Valley fields is gathered at Starkey Production Pit 14-28-696 (CE&P Facility ID 454686, Pit ID 414554) located in Sec 28, T6S-R96W.

TEP desires to transfer excess produced water, that otherwise would be injected in its underground disposal infrastructure, for beneficial re-use in Caerus' E&P operations. The produced water to be transferred under this Water Transfer Plan is sourced from TEP operated wells in the Parachute and Grand Valley fields, which is stored at the Starkey Production Pit shown in Exhibit A and attached hereto for reference.

Custody of the produced water will transfer at the Starkey Production Pit 14-28-696 (CE&P Facility ID 454686, Pit ID 414554) located in Sec 28, T6S-R96W (the "Custody Transfer Point"). The lat/long for the Custody Transfer Point is approximately: 39°29'19.4" N, 108°07'13.3" W. Caerus will assume regulatory responsibility upon entry of the water into pump that Caerus will operate on the Starkey Production Pit Site. See water analysis of Starkey Production pit attached.

Water, drawn from the pit, will be transferred, by a combination of both surface and buried pipelines, to the North Parachute Ranch EP Waste Mgmt Facility (i.e. Middlefork) (I.D. #120803). Produced water will be transferred from Middlefork (I.D. 120803), located in Lot 13 and 14 of Section 30, Township 5S, Range 95W of the 6th P.M., via Caerus pipelines to completions operations at the following locations:

- o A03 (I.D. #335720) located in SENE and Lot 1 of Section 3, Township 5S, Range 96W of the 6th P.M.
- o A24 (I.D. #458475) located in NWNW and Lot 4 of Section 24, Township 4S, Range 96W of the 6th P.M.
- o E34 (I.D. #335928) located in SWNW of Section 34, Township 4S, Range 96W of the 6th P.M.
- o H15 (I.D. #425805) located in SENE of Section 15, Township 5S, Range 96W. of the 6th P.M.
- o L27 (I.D. #335939) located in NWSW of Section 27, Township 4S, Range 96W of the 6th P.M.

Transfer of produced water would begin upon the date of COGCC approval and terminate on December 31st, 2019, unless otherwise extended, upon mutual agreement of Caerus and TEP, by extension of the Production Water Transfer Agreement, and upon subsequent COGCC approval.
