While there, I observed normal production operations.                      During this inspection the following possible compliance issues were observed:                      There was no indication of a phone number for local emergency services (911 where available)                      Weeds on Location.                      Refer to photograph of observed compliance issue.</p> <p>A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. (if corrective actions are identified).                      This is a summary of inspection report.</p>	ramseys	08/02/2019
