Dear Director Robbins,

SRC Energy, Inc. ("SRC Energy") has drilled and completed the above referenced well. Although we were able to stay within our setbacks, we were unable to complete the permitted path and fell short of the originally approved wellbore unit and therefore need to modify the wellbore unit via a sundry Form 4. This sundry, and subsequent approval, will ensure SRC Energy becomes compliant with Rule 318A.e.

SRC Energy's updated proposed wellbore spacing unit consists of:

T5N-R67W Sec12: NE/4NE/4  
701.91 acres

SRC Energy is not the only owner within the proposed wellbore spacing unit and hereby certifies to the Director that a thirty day (30-day) notice has been given by certified mail to all owners in the proposed wellbore spacing unit, as required by COGCC Rule 318A.e. The required thirty (30) day notice period has elapsed absent the receipt by SRC Energy of any objection to their proposal by the owner(s) within the proposed spacing unit for the subject well. We have not received any objections to such well location or proposed spacing unit, therefore, SRC Energy hereby requests the Director approve the well.
