COGCC Comments		
Comment	User	Date
This is a follow up inspection per Doc#688402006. All corrective actions appear to have been addressed at time of inspection. New placards on crude oil tank installed, trash around sep have been removed, Deadmen has been removed. After reviewing floodplane map it was determined that the production batery is not located inside the floodplane.	silverr	08/20/2019
