Gentlemen:

This is written with reference to the well drilled by your company known as the No. 1 Hoffman in the SE/4, NW/4, of Section 26, Township 25S, Range 45 W, Prowers County, Colorado.

We have received the plugging record on this well. An approved copy is enclosed.

A search of our files has not turned up an intention to drill form. Since approval to drill was not obtained, this well was drilled in violation of Rule 303 of this Commission's Rules and Regulations. Enclosed is a copy of the Rules and Regulations also.

Any future operations in this State will be carefully scrutinized to determine the action of the Commission.

Very truly yours,  
Oil and Gas Conservation Commission
