# 1 Barlow 10-18S-46 W-Bond #S1650976

Gentlemen:

Regarding the # 1 Walker well we have all the necessary reports but well site will be inspected as soon as possible by one of our engineers before bond can be released.

On the # 1 Barlow we will need a plugging report and electric log. Verbal approval to plug was given on September 18, but plugging report is also needed. This site will also have to be inspected.

Very truly yours,
