Dear sir:

I am writing in regards to well drilled on North West corner of NE 1/4 SE 1/4 Sec. 19 T. 24 S. R. 65 W. Pueblo Co. Colo. This was recorded in the court house May 1, 1947 and started drilling shortly after by a rotary drill, and in June & July 1958 drilled by K. D. Drilling Co. from about 575 ft. to a top.

I would like a complete log of this well of all formations and depths of each formation, and each depth water was located and amount if possible, and also gas & oil depths and amount if this is available.

I thank you,

Hal Hugh
P. S. I can't get the desired information in Pueblo.
