 Field Inspector Actions:  
 On 09-09-2019, I Randy Silver area field inspector was assigned a complaint received by COGCC staff in reference to Noise. The complainant Shea 1860 Alpine Drive Erie CO stated the issues were occurring outside of complainants home.  
 On 09-9-2019, I attempted to make contact with the complainant who indicated on complaint that on 9-09-19 she was woken again to jet engine roar can't sit on the deck after a hard days work.  
 I performed a complete site inspection of the oil and gas location and associated wells in the area. At time of inspection, I did not hear any unusual noise. Third party sound study is attached to complaint witch it appears Extraction is within compliance.

 See inspection document #693501307 per my inspection.  
 No violation of COGCC rules were observed at the time of the inspection.  
 All information reviewed and site inspection information were submitted to the COGCC for further review.
