<p>COGCC Inspection Report Summary On Friday 9/6/2019 at approximately 14:15 hours, I, Inspector Tom Peterson, conducted an on-site inspection at the SRC Energy SRC Williams Pad location #445473 in Weld County Colorado. While there, I observed three concrete vaults and one fiberglass vault with no placards, three concrete vaults and one fiberglass vault with insufficient berms, an electric transformer with an open trench and exposed power lines, trash and unused equipment. During this inspection the following possible compliance issues were observed: Rule 210.d. with a corrective action date of 10/21/19, Rule 603.f. with a corrective action date of 10/21/2019, Rule 605.c. with a corrective action date of 10/21/19. A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of the inspection report.</p>	petersont	09/18/2019
