

December 20, 1962

Mr. John Pivonka
J & L Oil Corporation
Box 756
Greeley, Colorado

Dear Mr. Pivonka:

Reference is made to the Duell #1 well located in the SW SE Section 25, Township 8 North, Range 60 West, (formerly operated by C.E. Nation) and the Duell #2 located in the SE SW Sec. 25, T. 8N., R. 60 W (formerly operated by Pure).

First, both of our well records indicate production from these two wells is from the "D" sand and you show it in your production reports as "J" sand.

Second, we do not have a Form 10, "Certificate of Clearance" for your taking over operations of the Pure well.

Third, you indicate you no longer operate the Van Gundy well but do not indicate who does, when it came about, nor have the proper forms been filed to relieve you of being responsible for the well.

I have enclosed some form 10's for your use and request an early answer to the above.

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

William R. Smith, Senior Petroleum Engineer
