Mr. John H. Pivonka
J & L Oil Corp.
Hillcrest Drive
Sterling, Colorado

Dear Mr. Pivonka:

Receipt of your letter of August 4, 1962, is hereby acknowledged.

I was of the opinion that, due to the length of time you have operated in Colorado, you were familiar with our rules and regulations. Apparently this is not true, and I am enclosing a copy of our Rules and Regulations for your information.

Rule 311, page 12, indicates that a Certificate of Clearance, OGCC Form 10, must be submitted on a well when "the producer or operator filing the Certificate" is changed. This form is to be submitted in triplicate, per the instructions on the form, and we shall be anticipating an early receipt of said Form 10 covering the Duell lease in the Buckingham-West field.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Senior Petroleum Engineer

WRS:cm
Encls.

P.S. We assume this is the well originally drilled by Baird & Pfeifer, located in the SW SE, Sec. 25, T-8N, R-60W. Is this correct?
