RE: Falcon Andrau Locations

Gentlemen;

For over a year we have been attempting to work with the operators of certain wells which have had pits constructed and the location not restored. All avenues of reasonable compromise have been explored with a consistent response that they will be taken care of shortly. It is time to resolve the matter.

The locations in question are:

Owl Creek #25 NE NE 3-7N-64W
Owl Creek #54 NW NW 5-8N-64W
Owl Creek #53 NE NE 3-8N-64W
Brown 41-32 NE NE 32-8N-64W

If the locations are not cleaned up and the pits backfilled by October 26, 1987 I will take the matter before the Commission at its hearing on November 16, 1987, for such action as they may deem appropriate. At the hearing, I intend to report to the Commission the extensive staff time involved in pursuing this matter.

Yours very truly,

William R. Smith, P.E.
Director
