Dear Mr. Andrau:

In accordance with our telephone conversation of July 3, 1987, enclosed is a copy of a letter to Sentry Oilfield Equipment concerning their becoming operator of the various Andrau wells in Colorado. The Commission will offer any help possible to either company in completing the transfer.

It is understood that Mel Haux will be working this week to complete the site restoration at Oval Creek 25, 53, and 54. Please have Mel advise in writing when the work is completed, or if there are complications. This site work should be done as quickly as possible. *①*

Very truly yours,
