Dear Mr. Andrau:

This letter is in regards to our telephone conversation on March 9, 1987 concerning final site reclamation and well status updates in Weld County, Colorado.

The sites requiring pit backfill are:

Owl Creek #25, NE NE 3-7N-64W
Owl Creek #53, NE NE 3-8N-64W
Owl Creek #54, NW NW 5-8N-64W

Please complete the site reclamation within 30 days or advise why you can not do so.

Other well sites in the area will be inspected by the area engineer before the end of April, weather permitting, to verify state compliance.

It is further understood that negotiations are underway for completions of wells on which pipe has been set, but are not perforated. Please send in the required forms within 30 days of work.

Thank you for your cooperation concerning this matter and I will be in touch with you by the later part of April to discuss all of your activities.

Yours truly,

William R. Smith, P.E.
Director
