Gentlemen:

These two locations have been abandoned as per your sundry notices. However both locations were prepared including drilling pits and reserve pits. This is very fragile pasture land, and subject to wind erosion.

You are directed to back fill all pits and rehabilitate the site this fall. Advise by a sundry notice when the work is completed. If you have a written agreement with the surface landowner allowing the sites to remain, please furnish a copy to this office.

Thank you for your co operation in this matter and feel free to contact this office if you need assistance.

Yours truly,
Dennis R. Bicknell
