General Comment:

This is an Abandoned Location Inspection for Well API#045-23935; APD first Approved 4/11/2018; Permit Abandoned 8/26/2019. Form 4 reports Permit Abandoned though Conductor is Set and no report of Conductor Plugging has yet been submitted. Permit should not have been Abandoned without report of Closing Conductor. Well cannot be Passed for Final Reclamation if evidence of Operation/Well exists. It does not appear that this AL Well was drilled on Location with Twenty (Status) Drilling Wells; therefore, this would be a Well Release on an Active Location.
