## COMMENTS:

This form was prepared as notice of successful completion of reclamation implementation (earthwork and seeding) and intent to maintain reclamation until site conditions support completion of a vegetation assessment and submittal of a Final Reclamation Completion Notice (FRCN). In accordance with COGCC Rule 306.f, a landowner consultation on the conditions of the final reclamation was completed on 11/28/2018 on-site. The site has been regraded to contour, with subsoil and topsoil returned to their original relative positions, and seeded with a native seed mix on 4/25/2019.
