 Complaint Document #200448162  
 Nature of Complaint: Ligiting  
 Field Inspector Actions:  
 On 09-30-2019, I Randy Silver area field inspector was assigned a complaint received by COGCC staff in reference to Lighting. The complainant Ed Young Broomfield stated the issues were on the Livingston drilling rig.  
 On 09-30-2019, I attempted to make contact with the complainant who indicated that on 9-29-19 he observed the lights on the drilling rig failed around 9:30 PM they did come back on.  
 I performed a complete site inspection of the oil and gas location and associated wells in the area. At time of inspection, derrick lights were operational.  
 At time of inspection, I spoke with Manny Parras drilling supervisor he stated at time of complaint they did have an issue with the derrick lights they called electrician and light were repaired shortly after.  
 Weather conditions: Cloudy and location wet  
 See inspection document #693501484 per my inspection.  
 No violation of COGCC rules were observed at the time of the inspection.  
 All information reviewed and site inspection information were submitted to the COGCC for further review.
