OPERATOR COMMENT

The Form 27 Initial was submitted in accordance with COGCC Series Rules 905(b) and 909(c), assuming the produced-water vessel (PWV) on site was partially-buried. However, upon removal of the PWV, it was determined to be a surface tank and not partially-buried. Please close this Remediation Project under the basis that no qualifying equipment under Rule 905(b) or 909(c) was discovered on location.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
