1	<p>There needs to be a moratorium on new wells in Weld County until the COGCC establishes new regulations that protect health and safety.</p> <p>The Western Environmental Law Center gives Colorado failing grades on Well Maintenance, Well Liquids Removal, Gas-driven Equipment, Compressors, Storage Tanks, Gas-Producing Oil Wells, Leaks, Gas Capture Planning, Benefit Cost Test.</p> <p>American Lung Association report card for Weld County already indicates a score of C for Particle Pollution and an F for High Ozone days.</p> <p>Weld County is already saturated with wells. The COGCC should take the number of wells concentrated in an individual county or general area into account before permitting further drilling.</p>	06/20/2019
