Alex and Steven,

I was notified Laramie had a spill on the above referenced pad yesterday afternoon (10/9/19). Initial estimate is between 5-10 bbls.

I've attached photos and have Entrada headed up tomorrow to delineate and take samples.

I will have the initial Form 19 submitted this evening and will follow up with a supplemental and soon as I get more

Information on the aerial extent of the spill and more accurate lat/longs.

I telephoned Kirby Wynn with the County to let him know

Thanks
