## COGCC Inspection Report Summary

On Thursday October 17, 2019 at approximately 12:15PM, I, Inspector Randy Silver, conducted an on-site inspection at a MCCLANE energy INC site Van Scoyk #1, at API# 05-001-08191 in Adams County Colorado.

While there, I observed well site and TNK BTRY

During this inspection the following possible compliance issues were observed:

Sign: Rule 210 b Corrective action date of 10-12-19

Stained soil: Rule 907 e Corrective action date of 11-5-18

Placards: Rule 210 d Corrective action date of 11-22-16

Mechanical issue: Rule 605 d Corrective action date of 10-19-18

Weeds: Rule 603 f Corrective action date of 10-12-19

Stained soil: Rule 907 A Corrective action date of 11-5-18

Trash: Rule 603 f Corrective action date of 10-19-18

Unused equipment: Rule 603 f Corrective action date of 11-5-18

Venting/Mechanical issue: rule 605d Corrective action date of 10-18-19

Weather conditions: Clear and location dry

I tried to call emergency contact number but not a working number looked in operator file called emergency number listed and as soon as said who I was they hung up. Called other number listed and spoke with a women who stated the operator was not working the well anymore and was going to let it go.

This is a follow up inspection per Doc#'s 693501393,691401135 at time of inspection all corrective actions

had not been addressed. Well site and TNK BTRY locations appears to not have been maintained in quit some time.

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
