COMMENTS:

Please route Sundry to Chris Binschus Northeast Reclamation Specialist, in reply to Inspection Document 697500719 submitted on 10/18/2019.

I spoke with Brandon Marette CPW Northeast Energy Liaison, Friday October 18, 2019 at approximately 1:15 pm. After reviewing the inspection photos and discussing the process for operators in this circumstance, Brandon instructed me to remove the bird from the location. In the future, should a wildlife issue occur, Bayswater will immediately upon discovery, call the CPW Northeast Energy Liaison and work with them regarding situation, proper procedures and lessons learned.

Bayswater submits this Sundry in confirmation of the completion of actions recommended by CPW in regards to this matter.
