Operator Comments:

Request to change facility type from "Gas Compressor Station" to "Location".

This facility was never built out as a compressor station, it is operated as a meter station. Form 12s are required for Gas Compressor Stations, however it cannot be appropriately completed, thus the request for the facility type change.

There is historic remediation which should have been closed out as Remediation Project #7092.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
