Photo 1. View of the project area from the southeastern corner facing center. Vegetation in foreground is largely weedy kochia debris, needing management.

Photo 2. View of the southern project area from the southeastern edge facing westward. Vegetation is kochia debris, up to 4 feet tall. 5 unknown vessels stored in the southern project area.

Photo 3. View of the eastern project area from the northeastern edge facing southward.

Photo 5. View of reference area vegetation comprised of open grassland, comprised of grasses such as smooth brome and forbs such as alfalfa.
