General Comment:

This is a Abandoned Location Inspection for AL Wells API#s 045-10071 & 045-10072; APDs were First Approved in 2004: Permits Abandoned in 2005. These Wells are on Location with One TA and Ten PR Wells; therefore, these are Well Releases on an Active Location.

These Wells were passed for Final Reclamation in 2016; however they were inadvertently Checked in Field Inspection in 2019 giving them an Active Priority Status. This Inspection clears the mistaken Active Priority Status.
