Inspection due to noise complaint. At time of inspection 1 of the three frac crews on location (Justice) has rigged out most of their equipment off location. Liberty frac crews Valor and Republic are sill fracing on site. COGCC and third party sound study inforamtion will be attached to complaint inspection doc. At time of inspection I did not observe any emissions on location. Weather conditions clear, light breeze and location is dry.	silverr	11/18/2019
