RE: Operator Certification: Rule 305.a. Pre-Application Notification:

**County Line Pad (Sec 31 T1N R65W) Well Pad**

Dear Director,

Pursuant to rule 305.a., whereby for any oil and gas location with an Urban Mitigation Area or Buffer Zone Setback, the Operator shall provide a "Notice of Intent to conduct oil and gas operation" to the surface owner and building unit owners within 1000' of the oil and gas location, and if applicable, the Local Government Designee ("LGD") not less than 30 days prior to submitting a Form 2A for such oil and gas location. Verdad Resources ("Verdad") hereby certifies to the Director that Verdad has complied with the pre-application notification requirements state in the aforementioned rule. Verdad also certifies that all building unit owner within the buffer zone received the pre-application notice and proof of their receipt is kept on file with Verdad.

Thank you for your attention to this matter.

Sincerely,

Heather Mitchell  
Regulatory Manager  
Verdad Resources LLC
