Mr. D. V. Rogers, Director
Colorado Oil and Gas Conservation Commission
Room 237
1845 Sherman Street
Denver, CO 80203

Dear Mr. Rogers:

Enclosed are two completed copies of OGOC Form 2, an Application for Permit to Drill on a Federal oil and gas lease in Jackson County, Colorado. Accompanying the application are copies of the surveyor's plat which has been corrected to reflect a minor change in location to allow a better fit of drilling equipment and reserve pit to the local terrain and to still permit building location within a forest clearing thus minimizing tree cutting. This location is approximately 586 feet from the lease line on the west. Because of the sitting problems posed by this mountainous terrain, we request an exception to the normal spacing requirements.

Also enclosed is a check for \$75.00 to cover the filing and service fee.

Please direct all correspondence regarding the proposed well to:

Alaska Energy Corporation
