RE: #1 Selbe
NW SE Section 7, T6N, R85W
Routt County, Colorado

Sirs,

On October 28, 1988, this office requested a completion report and a status update for the above well. To date, no response has been received to this request and several phone calls. A field inspection made in October, 1988 indicates that this well poses a potential pollution problem. We intend to plug and abandon this well using the security posted unless you plug or move to complete this well and submit the required paperwork by June 9, 1989.

If you need to contact us concerning our intentions you may contact me in Grand Junction at (303) 858-1462 or talk to John Stowell at our Denver office.

Sincerely,

A handwritten signature in cursive script, appearing to read "Katy Templeton-Buell".

Katy Templeton-Buell
Petroleum Engineer
