OPERATOR COMMENT AND SUBMITTAL

Comment:

We are not marking the removal of equipment (power pole) as complete, but have been working with Morgan County REA, which is our service provider in this area. The electric service has been removed from the power pole. The power pole was left in place, however, because it is part of the greater power service for Sooner Unit and could not be removed piecemeal. However, since Foundaiton is planning to plug all of the wells in Sooner Unit, we continue to work with Morgan County REA. A figure that Morgan County provided to Foundation is attached.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
