**General Comment:**

This is an Abandoned Location Inspection for Well API#045-18452; APD first Approved 5/21/2009 for Onon Energy; Permit Abandoned 8/24/2011 by Williams Production. It does not appear that this AL Well was drilled on Location with One PR & Two SI Wells; therefore, this is a Well Release on an Active Location.

This Well was passed for Final Reclamation in 2015; however it was inadvertently Checked in Field Inspection in 2018 giving it an Active Priority Status. This Inspection clears the mistaken Active Priority Status.
