Wellhead inspection. Location had a battery previously that has been dismantled. New battery has been constructed, location number: 438959. There are two gas meter run sheds and pig station at former battery location. Two temporary 500 Bbl frack tanks and twelve self-bermed plastic methonal tanks at wellheads. Snow cover on much of the location. Exposed dirt wet from snow melt.	carlilec	12/02/2019
