Inspection due to lighting and noise complaint. Spoke with company rep and he stated crew shuts down at 5PM but doesnt leave location till approx.. 7PM after cleaning up and putting equipment away. I spoke about light and he stated he wasnt aware of any lighting leaving location. At time of inspection I did not observe any lights pointed off location. This crew will be done today and leaving location first thing next day 12-10-19. Did not observe any unusual noise on locatin at time of inspection. Spoke with supervisor about having an adequate tracking pad in place due to weather and road conditions when rigging rig out.	silverr	12/09/2019
