**General Comment:**

This is a reclamation inspection of the HW-2220S69W (OWP) #1 historic well site. Based on observations during inspection, there was no sign of the well head. There was a small pile of bricks and debris at the location. There is an area about 40ft. x 30ft. that has minimal vegetation cover. There is no erosion or noxious weed issues at the site. The location is flat and recontoured. See attached photos.
