	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	PD

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Wexpro Company intends to install a new 500 gallon methanol tank and containment for downhole injection to prevent tubing freezes. The tank will be placed in a 7 ft by 6 ft by 21 inch containment or containment with a similar capacity, with a solar powered injection pump approximately 10 feet from the existing wellhead. The containment will be adequately covered to protect wildlife entrance. The tank and containment will be painted Shale Green to match the existing facilities. There will be no new surface disturbance associated with this project all equipment will be placed on the existing, previously disturbed well pad.

14. I hereby certify that the foregoing is true and correct.
