Bonding	The Form 12 doc #402204323 was returned to draft. Rule 313B.a(4). A facility layout drawing of a gas compressor station, a gas processing plant or an underground gas storage facility and the surrounding topography. There is a discrepancy in the number of compressors at the compressor station. Form 12 indicates 2 compressors, facility layout drawing shows 3 compressors. The facility layout drawing should include sufficient detail and adequate labels and legends to clearly identify all depicted features. This form was submitted for a registered facility per Rule 313B.b.	12/13/2019
