General Comment:

This is an Abandoned Location Inspection for Wells APIs#045-10498 & 045-10506; APDs first Approved 3/17/2005; Permits Abandoned 5/10/2011. It does not appear that these AL Wells were drilled on Location with Three PR Wells; therefore, this are Well Releases on an Active Location.

These Well were passed for Final Reclamation in 2015; however they were inadvertently Checked in Field Inspection in 2018 giving them an Active Priority Status. This Inspection clears the mistaken Active Priority Status.
