Attention: Mr. Thomas M. Hogan

Gentlemen:

This is to advise that we waive any objections to the drilling of a well for production from the "D" Sand Reservoir at a location SW SW SW of Section 7-9N-53W, Logan County, Colorado, which is to be an extension of the Cedar Creek Field; and not closer than 330' from your South and West lines.

We are happy to cooperate with you in this regard, and presume that should you be successful in securing production from the "D" Sand Reservoir of the Cedar Creek Field that the inclusion of your acreage into the Cedar Creek Field would be in order.

Yours very truly,

*George W. Selinger*
