Operator Comments:

Reducing well count to 7 wells, shifted surface hole locations and made them all Niobrara wells. We have modified the surface hole location and the casing plans. The cultural distances, lease line and distances from well in the nearest formation have also been updated. Verdad is the surface owner. This well was measured from the Safi 1224-10H.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
