Chelsea,
Thank you for using the COGCC Online Tool to file your complaint. Your information has been entered into document number 200448494.

COGCC staff has determined that your complaint is classified as a regional air quality complaint, which is primarily under the jurisdiction of the Colorado Department of Public Health and Environment (CDPHE) Air Pollution Control Division (APCD). As such I have referred your complaint to APCD and included the contact information below.

Colorado Department of Public Health and Environment (CDPHE) Air Pollution Control Division (APCD)
Agency: CDPHE APCD
Phone: 303-692-3100
Website: <https://www.colorado.gov/pacific/cdphe/apcd>
Email: cdphe_og_air_concerns@state.co.us

I conducted a radius search from the intersection you provided, and there is no active drilling or fracking within 2 miles. COGCC staff did not identify any violations of COGCC rules that would lead to the issuance of a notice of alleged violation (NOAV) related to your complaint. Accordingly, the COGCC has closed your complaint.

Regards,
Megan Adamczyk
