SUNDRY NOTICES AND REPORTS ON WELLS

INSTRUCTIONS

Notice must be given to the Director, and approval obtained in advance of the time when the owner or operator expects to recomplete or abandon a well or to change plans. Within thirty (30) days after recompletion, change of plans, or remedial work, a detailed report of the work done and the results obtained shall be submitted on this form in duplicate for wells on Patented and Federal lands, and in triplicate for wells on State lands. In work that affects only rods, pumps or tubing or other routine work such as, but not limited to, cleaning out to previous total depth, no report is necessary.

(DETAILS OF WORK)

This well was completed as a "D" sand gas well in 1955, and re-completed as a "J" sand gas well in 1958. In May of 1963 this well died completely after we had experienced considerable trouble with it watering up and would not flow. It has been shut in since May and have kept a close check on it but it is still dead. It is now proposed to plug and abandon as a dry hole. Your permission is requested.

Plugging operations will be conducted according to the Colorado Oil & Gas Conservation Commissions rules and regulations.
