Re: Bill May No. 1  
Center NE $\frac{1}{4}$  Tract 51  
Section 3, T7N, R86W  
Routt County, Colorado

Gentlemen:

As per our telephone conversation this date, I have enclosed herewith survey plat covering the above captioned location. Due to terrain, it will be necessary to move the location. Since the depth will be less than 2,500 feet we will be more than 200 feet from the Tract line. At such time as we are able to get the amended plat certified, we will file same with your office. Meanwhile, we would appreciate approval of the test well location.

We appreciate your cooperation in this matter.

Yours very truly,

BURKS OIL, LTD.
