Denver, Colorado

Re: Drilling Bonds

Dear Mr. Cronin:

W. E. Atkinson filed with your office Drilling Bonds covering operations on two wells in Routt County, Colorado. Both wells were plugged and abandoned and all leases have been surrendered. If you have not already done so, it will be appreciated if you will issue a discharge on the Bonds to Massachusetts Bonding and Insurance Company, the surety on the Bonds.

Your files will also disclose that A. T. McDannald filed Bonds in connection with drilling operations conducted in Park County, Colorado, and Yuma County, Colorado. These wells have been plugged and abandoned and all operations have been discontinued. If these Bonds have not been released according to your records, I would appreciate it if you would issue a Release to the surety on the Bonds.

In order that I may follow up with the bonding company, I would appreciate it if you would forward the discharges to me and I will deliver them to the agent for the bonding company.

Yours very truly,

*John R. Moran*
